

## Amazon

### JAMU LODGE

Cabanas JAMU, coming from the word Armadillo in Siona, is a beautiful privately owned place with an amazing ecosystem, where our guests can carry out different types of activities. We are located along the Rio Cuyabeno, 15 minutes down river from the amazing Laguna Grande. Cabanas JAMU consist of 9 cabañas, built in a traditional, rustic style with thatched-roofs. Every cabana has two rooms, each with a private, environmental-friendly bathroom, with a possibility to accommodate around 32 people in the entire camp. **TAPIR LODGE** The Tapir Jungle Lodge is located in the Cuyabeno National Park and Wildlife Reserve, ...an elaborate system of remote lagoons, rivers and flooded forest found in north-eastern Ecuador. The reserve encompasses over 655,000 hectares of primary rainforest and boasts an incredible variety of neotropical wildlife including river dolphins, tapirs, capybaras, caimans, anacondas, ocelots, monkeys and the famous piranha. The bird life is particularly spectacular: over 580 species have been recorded such as the prehistoric-looking hoatzin, umbrella bird, blue-headed parrot, white-eared jacamar, scarlet macaw and the awesome harpy-eagle with its eight-foot wingspan. Additionally, over 12,000 species of plants have been identified.
